CDBG MONITORING CHECK LIST

This checklist is provided as a courtesy to help grantees prepare for the CDBG monitoring visit. This visit is not an audit; it is performed to assist grantees in making sure that their jurisdiction is maintaining all the required state and federal documentation, and that the completed project has met the national requirements for the CDBG grant.

The CDBG grant is a public record. The general public may request access to grant files. Incomplete files or files that cannot support activities undertaken could result in legal action or possible forfeiture of funds.

The majority of items listed below apply to all types of grants; however some criteria are “project specific” and may not apply to all grants. Additional checklists follow these pages.
